

## Smartrise Engineering Training Request Form

### Training Option 1: Interactive Online Class - Complimentary

**Overview:** This class is hosted by an instructor via MS Teams, and participants will receive access details through email. Each session includes video presentations and practical examples. Classes are available for C4 Traction or Hydro systems, with each session lasting 4 hours. These training sessions are accredited by the National Association of Elevator Contractors (NAEC). Each account is entitled to one complimentary training session per year. Additional training sessions are available for \$1,500 per session and are limited to a maximum of 12 participants.

### Training Option 2: Training at Smartrise Engineering, 1235 N. Union Bower Rd. Irving, TX

**Overview:** An in-person session at our Texas facility, including interactive tools like simulators, full-scale controller models, and expert guidance. Facility tour and lunch included. Participants will be credited with 8 hours of CET. Accredited by the National Association of Elevator Contractors (NAEC).

### Training Option 3: On-Site Training

**NOTE: Flight and Simulator Freight shipping costs are TBD.**

- 1-Day Training: \$9,600
- 2-Day Training: \$12,600
- 3-Day Training: \$15,600

**Overview:** In-depth training with videos and examples, including simulators (if available) for fault simulation and hands-on learning. Participants earn 4-8 CET credits. Accredited by the National Association of Elevator Contractors (NAEC). Training can be conducted in a machine room with Smartrise controllers or in a classroom setting, such as a hotel conference room. Classes are limited to 12 participants per session.
